1. The declaration under 37 CFR 1.132 filed December 6, 2004 is sufficient to overcome the rejection of claims 1-2, 4-6 based upon the art of record.

The examiner notes that the declaration has been considered in conjunction with the data presented on pages 8-9 of the specification.

2. The following is an examiner's statement of reasons for allowance: The prior art fails to teach the claimed pipette piston seal structure and material of construction. The examiner notes that "UHMWPE" represents Ultra High Molecular Weight Polyethylene and is found definite because it is a term of art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
